THE PRESIDENT, NDAC COMMITTEE AND MEMBERS

The past month has been very busy for Club Members who fished in various tournaments. The OET Bill & Game Fish Competitions were held at Sodwana during the first week of November. Some of our Members did exceptionally well. Garth McGee and his team finished second in the 37kg facet - well done Garth, Henry and Sam on releasing 2 marlin. Sybrand van Vuuren and Gert Conradie also released 2 sailfish on 10kg line. Well done guys!

Uncle Paul hosted the NDAC Club Braai at Sodwana for all the Club Members fishing the OET, which was a huge success. Thank you, Uncle Paul to you and your team, for hosting a superb evening.

Garth also fished the Billfish 15000 competition at Sodwana during the second week of November and finished in the Top 10 of that competition, again releasing 2 marlin for the week. Congratulations on your fish Garth!

The Tri-Facet Nationals was hosted at Sodwana last week and consisted of 3 categories, namely Heavy Tackle Billfish, Light Tackle Billfish and the Game Fish sections. The weather was rather poor and the teams could only fish for 2 out of the 5 days. Some Club Members represented Mpumalanga and SADSAA Master Side in this competition. Congratulations to these members. To Arno the angler of the month, who caught and released some superb fish in the Seychelles, all on fly rod very well done.

The year has come and is almost gone, with the Festive Season upon us already. To those members and their families travelling on holiday (hopefully to some fishing destinations) please travel safe and may you all have a blessed and peaceful festive season.

To the NDAC Committee, thank you for your time and effort in serving the club. Your hard work and service is highly appreciated.

To our Heavenly Father we give a special thank you for blessing the Club and all its Members during the past year and I pray that 2014 will again have many highlights for everyone.

Yours in angling
Edwin Freeman

Status Between Karino to Matsulu and Komatipoort to Lebombo Border Post over December Holidays 26 November 2013

The Contractor, Raubex, has commenced with construction early in 2013, upgrading a portion of the N4 toll route from east of the Karino/Plaston road up to the Matsulu intersection. These works comprise three sections. The first, being the rehabilitation of the section of the N4 between Karino to just west of Mara Road, is aimed for completion at the end of November 2013. The majority of works on this section have already been completed and remarking of the road was done where possible to provide additional passing lanes in both the east and west directions. Widening of the road at the Uitkyk intersection with the N4 is still underway.

Part 2 consists of the construction section through the Gorge, from Kanyamazane turn-off to Matsulu, having a 20 month construction period. This section has also progressed well considering the difficult working circumstances, including narrow working areas, heavy traffic volumes and high percentage of trucks as well as impatient and negligent drivers. In order to reduce delays and to accommodate the expected drastic increase in traffic during the Christmas holiday break, **NO STOP/GO** control points will be in place from 13 December 2013 until 5 January 2014 on this section. One lane per direction will be open for traffic during this period. Experience has shown that the travelling public disregard common road safety principles. In an attempt to ensure maximum safety, reduced speed restriction will be in place throughout the Crocodile Gorge area during the December holidays. Motorists should keep safe following distances and adhere to the posted speed limits.

Komatipoort to Lebombo Border Post

Part 3 of Raubex's appointment for the rebuilding and upgrading of the N4 from Komatipoort to the Lebombo Border is also almost complete. Major works on the road has been completed with only the finishing of the road reserve still outstanding, such as the placement of guardrails and trimming, as well as grassing of the road reserve.

Apart from the rehabilitation work done, the Komatipoort junction with the N4 toll route also received a major upgrade to include slip lanes from Komatipoort's approach to the N4 as well as a protected right turning lane towards the Sasol Filling Station, to improve both the safety and the capacity of this intersection. Also, in order to formalize and control the flow of traffic to and from the Lebombo Border, the previous railway sleepers made place for new kerbing from east of the Lebombo BP filling station area all the way to the border post entry point. This is expected to result in more orderly traffic flows and the reduction in illegal overtaking and driving on the wrong side of the road.

This is our last TRAC@WORK emailer for the year. We will send you all the relevant and important information in January 2014 again.

Happy Holidays!
