Newsletter / Nuusbrief: February 2019

The ancient Romans may be responsible for the name of our modern **day** of love. Emperor Claudius II executed two men — both named **Valentine** — on Feb. 14 of different years in the 3rd century A.D. Their martyrdom was honored by the Catholic Church with the celebration of St. **Valentine's Day**

Mr President, NDAC Committee and Members

I trust that all our members and families had a wonderful festive season and are safely back home. May all of you have a prosperous and blessed 2019.

There were reports of good catches from the members during the holiday season, well done to all of you. Congratulations to Lee Freeman who was named angler of the month with a Striped Marlin, Sailfish and some nice Gamefish caught off Santa Maria.

Please send your photos and stories to ndac.angling@nashuaisp.co.za to be published in the monthly newsletter.

To all our members celebrating their birthdays in February, may it be a memorable day and a blessed year.

We as a committee are planning a Members only area where the NDAC family can come and enjoy the clubhouse once again. I am very excited to announce that the planning stage is over, and construction will start middle February. If there is a member who wishes to get involved or wants to contribute towards this project, please feel free to contact us. Keep an eye on the newsletter for the grand opening date.

The next tackle box will be held at the club house in February, details will be made available soonest by Whatsapp. I urge all members to attend these events for a bit of fun, making new friends and catching up with some old ones.

Yours in Angling
Sam Botha

Why Camp Carlos?

Welcome to Camp Carlos for an unforgettable holiday.

Camp Carlos is on the eastern side of the Maputo Bay, 300 meters south of Inhaca Island.

Santa Maria proudly remains one of the last non-commercial holiday destinations in Mozambique.

This tranquil setting is the perfect place to relax, safely away from the hustle and bustle of the busier tourist hot spots. Camp Carlos boasts the best location on the Inhaca Peninsula, with crystal clear tropical water and spectacular white sandy beaches.

Camp Carlos is the perfect playground for the whole family.

The crystal clear Indian Ocean is just a few steps from your front door.

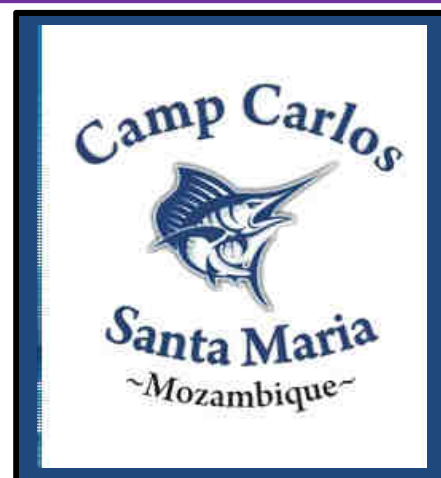

This secluded paradise has endless un-spoilt beaches where you can stroll for hours.

Why is Camp Carlos so special?

- Camp Carlos accommodation is exclusively yours.
- You are literally ON the beach.
- You have the beach all to yourself.
- You do not have to carry your cooler box or an umbrella down to the beach.
- You can snorkel on your doorstep.
- You can fish from your doorstep.
- Your fishing is not influenced by the tide.
- You don't have the hassles of a daily surf launch, as your boat stays in the water on a mooring.
- Your boat never lies out of the water & you can launch at any time.
- You do not burn liters and liters of fuel to go fishing.
- You have fantastic staff to wash and clean your boat daily.
- Your boat's fuel is filled daily for you.
- Your fish are filleted and packed the way that you like it.
- Your air conditioned accommodation is serviced daily.

CHARLIE'S ANGELS

December 2018

Ons het van die 18de Dec 2018 tot die 02de Jan 2019 Inhaca toe gegaan vir ons vakansie. Tydens die tyd het ons op Santa Maria gebly, waarvan ons elke dag deur Hell's Gate see toe gegaan het. Dit was somtyds baie maklik en ander tye redelik rof, maar Lee het "My Pleasure" elke dag sonder veel issues deur Hell's Gate geskip.

Die eerste twee dae het ons Suid gehengel, maar die water was groen en koud en het ons net 'n paar Yellow Fin Tuna en shoal Cuda gekry. Na twee dae se sit op die strand as gevolg van slegte weer het ons "My Pleasure" en "Dagga Boy" wat deur Martin Potgieter geskip is besluit om Noord gehengel.

Daar was die water warm en ook n mooi blou kleur. Ons het aas gesoek en toe die Cuda's gesoek. Ons het elke dag n paar mooi Cuda gekry en het n paar visse oor 20kg gekry vir die 2 weke. Ons het ook mooi Wahoo en Greater Barracuda gekry. Lee het 'n baie mooi Seilvis van +-45kg plus release en dit was regtig n hoogte punt vir die dag. Ek het self n baie mooi 20kg Cuda die selfde dag gekry en Wessel 'n 18kg Greater Barracuda, wat alles met lewendige ass gevang is.

Ons het besluit om 2 dae billfish te hengel en het die 26st Dec die eerste keer probeer. Die see was maar sleg, maar ons het besluit om tog te probeer. Die eerste strike en hook up was 8.30 en ek het die Streep marlyn omtrent 20min later release. Ons het die spread weer uit gesit en +-30min het ons die tweede strike en hook up gekry. Lee was in die stoel en het ons die vis ook na n kort fight release wat ook n Streep marlyn was. Die was vir ons n besonderse dag aangesien Lee en ek altwee 'n Marlyn op ons nuwe boot op die selfde dag kon release.

Dit was n besonderse vakansie en ons het regtig mooi visse gekry. Ons het glad nie gejjig nie, aangesien die op Inhaca verbied word, maar die live bait hengel was puik. Dankie vir ons Hemelse Vader vir sy seeninge en vir die crew van "My Pleasure" wat puik was.

Ons beplan al klaar ons volgende Inhaca trip, wat hopelik in April sal plaasvind. Mag 2019 vir almal geseend wees en mag julle lekker hengel.

Edwin

Angler of the month / Hengelaar van die maand:

Lee Freeman is our Angler of the month with his Striped-Marlin & Sailfish he caught on the same day. (T&R) in December at Santa Maria in Mozambique.

Congratulations Lee!!!

Lee Freeman is ons Hengelaar van die maand met sy Streep Marlyn & Seilvis wat hy op gevang het op een dag(T&R) in Desember op Santa Maria in Mosambiek.

Baie geluk Lee!!!

The **Sailfish** is the fastest fish in the ocean, sailfish can reach speeds of 68 miles per hour. Their large size and spirited fight make them a favorite among trophy fishers. The two main subspecies of sailfish, Atlantic and Indo-Pacific, range throughout the warm and temperate parts of the world's oceans. They are blue to gray in color with white underbellies. They get their name from their spectacular dorsal fin that stretches nearly the length of their body and is much higher than their bodies are thick.

The **striped marlin** (*Kajikia audax*) is a species of marlin found in tropical to temperate Indo-Pacific oceans not far from the surface. It is a desirable commercial and game fish with a record weight (in 1982) of 190 kg (420 lb.) and a maximum length of 4.2 m (13.8 ft.). The striped marlin is a predator that hunts during the day in the top 100 m or so of the water column, often near the surface. One of their chief prey is sardines.
