## Newsletter / Nuusbrief: May/Mei 2015

### THE PRESIDENT, NDAC COMMITTEE AND MEMBERS

The All Inland club champ's at Sodwana Bay is currently being fished. NDAC has one boat fishing in this comp and I have just received a picture of a sailfish released this morning by club member Gert Conradie fishing for NDAC. All the best for the NDAC club team for the rest of the week.

The Inhaca Challenge is around the corner and most boats leave for Inhaca in a week's time. Prize money for the event is again approximately R500k and we would again like to thank all our faithful and loyal sponsors for their great support. To Gavin and his team well done and may the comp be blessed with great weather, good fishing and great comrade amongst all anglers.

The tackle box held on the 22<sup>nd</sup> April which was presented by Sarel Alhers from BA tackle was well supported and enjoyed by all who attended. The next tackle box will be held on the 30<sup>th</sup> May 2015, on Hendry de Pradines farm Owersig at Alkmaar in the form of a yellow fish T&R competition. We are hoping to secure sponsors for the day and it again promises to be a fun filled event.

The VHF radio becoming compulsory for all ski boats has been extended to 01<sup>st</sup> January 2016, as per SADSAA memo to all provinces & club. This due date has been extended by 6 months from July 2015 to Jan 2016. Please note from January 2016 all Ski Boats must be fitted with a VHF radio for their annual sea worthy certification.

The angler of the month is Sam Botha with a 16.6kg Dorado he caught during this year Barra comp held in March 2015. Baie geluk Sam!!

Yours in angling  
Edwin Freeman  
NDAC Chairman

In Maart hierdie jaar, in die jaarlikse Onderberg Spesie Bonanza diepsee visvang-kompetisie in Mosambiek, het Ruben Herbst, 'n 13 jarige seuntjie van Komatipoort, te hore gekom van die visvangkompetisie wat ons op 25 April sou laat plaasvind ter fondsinsameling vir Henno. Hy het die aand in Mosambiek spontaan sy R2000 prysgeld aan Henno Smit bemaak. Die reaksie wat dit ontketen het, het die hardste baarde daardie aand met 'n knop in die keel gelos.... Een vir een het baie hande net begin opgaan met manne wat ook graag wou bydra. Lede en "hart mense" van die Nelspruit en Distrik Hengel Klub het daardie aand sonder skroom, vir 'n seuntjie wat hul glad nog nooit eers ontmoet het nie, 'n bedrag van R110 000 ingesamel!

Mnr Gustav van Staden, voorsitter van die Onderberg Spesie Bonanza kompetisie het Henno se "BARRA BUCKS" tjek kom oorhandig by die Henno Smit visvang kompetisie in Pongola by Jozini dam en getuienis kom lewer van die gebeure daardie aand in Mosambiek oor hoe die fondse deur NDHK lede in gestroom het. Voorwaar was die gebaar van die hengelars 'n "hoendervleis" oomblik vir ons alma!!

Dankie aan al ons lede wat so hartlik gegee het....

### Wicked Tuna New Season

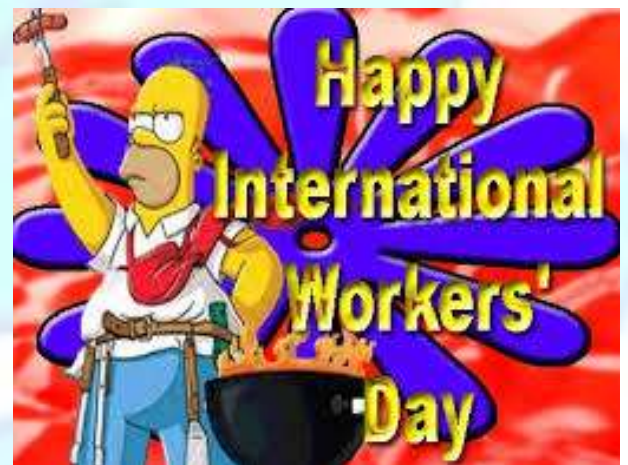

Don't miss the new season of Wicked Tuna, Monday night on channel 181 Nat Geo @ 21h00

Epic battle between Pinwheel & Dave.com

Fishing for Bluefin tuna is a way of life for many residents of Gloucester, Mass. "Wicked Tuna" takes viewers into the unrelenting North Atlantic waters famously spotlighted by the novel-turned-feature film "The Perfect Storm," to follow captains who are relied upon by their families, their shipmates, and by Gloucester itself, to haul in boatloads of the large but elusive Bluefin. The pressure to deliver is unforgiving -- the fishing season is short and tuna populations are dwindling -- but one "monstah" catch can reel in just as large of a payday.

### Did you know?

May Day is not only celebrated everywhere as a 'workers day'. The earliest May Day celebrations appeared in pre-Christian Europe, as in the Celtic celebration of Beltane, and the Walpurgis Night of the Germanic countries. Many pre-Christian indigenous celebrations were eventually banned or Christianized during the process of Christianization in Europe. As a result, a more secular version of the holiday continued to be observed in the schools and churches of Europe well into the 20th century. In this form, May Day may be best known for its tradition of dancing the Maypole and crowning of the Queen of May. Today various Neopagan groups celebrate reconstructed (to varying degrees) versions of these customs on 1 May.

**Hope everybody had a FANTASTIC workers day!!**

**TREVALA S JIGGING SPINNING**

Trevala S utilizes a new proprietary construction type called C4S. C4S results in incredible hoop strength and incredibly sensitive rods. Because of this construction we can use tiny rod diameters. These new smaller diameters lessen the overall weight which allows you to focus on fighting the fish and not your tackle. These very specific actions make success an even greater probability when spot fishing sunken stone outcroppings and wrecks. You will be amazed what these little rods are able to conquer.
